

EXECUTIVE CAPABILITIES STATEMENT

LEVERAGE YOUR LEGACY, SECURE YOUR FUTURE

SDVOSB | Hispanic-Owned | CAGE: 08T41 | NAICS: 541511, 541512, 541519
Miami, FL | www.cloudwalkerdefense.com | info@cloudwalkerdefense.com

WHO WE ARE

CloudWalker Defense is a Hispanic, Service-Disabled Veteran-Owned Small Business (SDVOSB) accelerating digital transformation for the U.S. Federal Government. With 20+ years of combined DoD and commercial experience, and a prior partnership with Microsoft's Federal Customer Success Unit, we deliver purpose-built solutions that safeguard national security, enhance mission effectiveness, and optimize operations across the defense landscape.

CORE SERVICES

Digital Modernization

Design optimized, lean cloud environments guided by data-driven capacity planning for seamless Azure migrations.

Data Footprint Assessment

Automated discovery of your full SQL Server data estate — the critical foundation for cloud migration planning.

Deep Data Analytics

Transform raw data into actionable Power BI insights that drive decisions and secure stakeholder buy-in.

DoD STIG Security

Identify and remediate vulnerabilities using DISA STIG requirements and zero-trust principles.

Workforce Enablement

Accelerate Microsoft certification pipelines through structured learning and AI-powered study workflows.

PROPRIETARY PRODUCTS

CLOUDFINDER

Automated SQL Server environment assessment aligned to DoD STIG requirements. Collects, analyzes, and visualizes your complete data estate via Power BI. No data leaves your environment.

Power BI

Azure Migration

SQL Server

STORYZE

Converts Microsoft Risk Assessment findings into a structured SQL data warehouse with interactive Power BI dashboards — enabling measurable, reportable remediation progress.

Risk Remediation

Power BI Analytics

Free Download

CERTYZE

Generates offline PDFs from any Microsoft Learn cert path and pairs them with an AI-powered study workflow. Supports AZ-900, AI-102, DP-700, PL-300, and others.

10 Cert Paths

WHY CLOUDWALKER

SDVOSB Set-Aside Eligible

Maximizes your agency's socioeconomic goals. Eligible for SDVOSB set-asides and small business subcontracting plans.

Microsoft Federal Pedigree

Prior partnership with Microsoft's Federal CSU. Deep M365 and Azure expertise at the agency level.

Proprietary IP, Not Just Services

Three purpose-built products deliver immediate, measurable value from day one — no dependency on third-party tools.

Mission-First Architecture

Compliance, zero-trust, and Azure IL5 readiness are foundational to every engagement, not optional add-ons.

Agile & Cost-Effective

SDVOSB agility means faster mobilization, leaner overhead, and tailored solutions without large-integrator price tags.
